

**ANTARES VISION
GROUP**

PRESS RELEASE

**RFXCEL, PART OF ANTARES VISION GROUP, SIGNED A
CONTRACT WITH HYPERA PHARMA TO ENSURE TRACEABILITY
REQUIREMENTS FOR THE BRASILIAN PHARMACEUTICAL
MARKET**

Travagliato (Brescia), 31 August 2021 - Antares Vision Group, a leading global provider of hardware and software Track & Trace solutions (anti-counterfeiting and supply chain transparency) and one of the major players in inspection systems (quality control) and in smart data management (maximized production efficiency and end-to-end digitalization of the supply chain, from raw materials to the final consumer), announced that its subsidiary rfXcel signed a contract with Hypera Pharma, the largest pharmaceutical company in Brazil, to ensure it complies with traceability requirements in the country's National System for the Control of Medicines (SNCM).

Hypera Pharma's objective is to adapt its internal processes to the SNCM, due to take full effect in 2022, but whose first adjustments came into force at the end of 2020. The company owns a several brands in the over-the-counter medications segment, including Maracujina, Benegrip, Engov, and Epocler, and expects sales of R\$5.9 billion in 2021 (about Euro 1 billion).

rfXcel's technology will help Hypera Pharma trace drugs in its supply chain, control internal systems integrations and external connections with business partners, and help to generate compliance reports for regulatory bodies, including the Brazil National Health Surveillance Agency (ANVISA).

The compliance reports will contain all information about every drug transaction and their path along the supply chain, from the factory to the final destination at retail pharmacies and hospitals.
